DETAILED ACTION

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.
2. Claims 1-11 are allowed over the art of record.
3. The following is an examiner's statement of reasons for allowance:

Claims 1-11 recite, inter alia, a device for testing a liquid crystal display (LCD) prior to the installation of a drive chip, comprising: a signal outputting device situated at the lateral and fastener-free side of the cavity wherein the signal outputting device has a horizontal shifter which is fixed onto the testing platform, a vertical shifter which is coupled to the horizontal shifter, and plural probes coupled to the vertical shifter, of which, the horizontal shifter and the vertical shifter can enable these probes to move along a plane perpendicular to the testing platform and can enable these probes to contact with the LCD; a slope adjusting device which is coupled to the rear of the testing platform and is used to adjust the slope of the testing platform.

The art of record does not disclose the above limitations, nor would it be obvious to modify the art of record so as to include the above limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
